

HANSON'S GARDEN VILLAGE

LILAC LIST

Agnes Smith Lilac (*Syringa x prestoniae* 'Agnes Smith')

Height: 6-8' Width: 6-8' Zone: 3-7 White Flowers

A beautiful white Preston hybrid that blooms later in the spring compared to most other lilacs. Fragrant with dark green foliage and an upright habit.

Alexander's Pink Lilac (*Syringa x prestoniae* 'Alexander's Pink')

Height: 4-6' Width: 4-6' Zone: 3-7 Pink Flowers

Pretty dark Pink buds opening to medium pink flowers. Later than most other lilacs. Very fragrant and does not sucker.

Common Purple Lilac (*Syringa vulgaris*)

Height: 12-15' Width: 8-12' Zone: 2-7 Purple Flowers

This old-fashioned lilac is the one most of us remember from our youth. A perfect informal hedge or screen, it has extremely fragrant, purple flowers in May. Color may vary from purple to lilac and occasionally even white. The cut flowers hold up very well, and easily fill a house with their fragrance. Rarely to never fed on by Japanese beetles.

Common White Lilac (*Syringa vulgaris* var. *alba*)

Height: 12-15' Width: 8-12' Zone: 2-7 White Flowers

This hardy, vigorous shrub is the white version of the old-fashioned favorite. It has attractive foliage, single white flowers and makes a great informal hedge or screen.

Donald Wyman Lilac (*Syringa x prestoniae* 'Donald Wyman')

Height: 8-10' Width: 4-10' Zone: 2-7 Red-Purple Flowers

Panicles of purple buds opening to single, red-purple flowers. Blooms early to mid-June on large pyramidal spikes. Blooms two weeks later than common lilac. Excellent specimen or hedge plant.

Dwarf Korean Lilac (*Syringa meyeri* 'Palibin')

Height: 4-5' Width: 5-7' Zone: 3-7 Purple Flowers

This dwarf variety has an excellent uniform habit and red-purple buds that open to fragrant, single, pale lilac flowers. Previously known as *Syringa palibiniana*, it bears profuse blooms at an early age.

James Macfarlane Lilac (*Syringa x prestoniae* 'James Macfarlane')

Height: 8' Width: 6-10' Zone: 3-7 Pink Flowers

Blooms two weeks later than *Syringa vulgaris* types. True single pink flowers bloom freely. Extremely hardy and adaptable, withstanding moisture conditions fatal to *vulgaris* hybrids.

Little Lady Lilac™ (*Syringa* x 'Jeflady')

Height: 4-5' Width: 4-5' Zone: 2-7 Light Purple Flowers

In late spring, the dark pink buds open to lilac pink, with a heady fragrance that will tickle your nose! The mature size makes this plant perfect for foundation plantings, but it can also be used en masse, or as an informal hedge where you don't need a lot of height.

Minuet Lilac (*Syringa* 'Minuet')

Height: 6-8' Width: 4-6' Zone: 2-7 Pink Flowers

Has a growth rate about half as fast as most of the late lilacs, (5 feet in 10 years). Its large dark green leaves fully clothe branches, as light purple flower buds open to single, soft white-pink blooms. This lilac does not sucker to any extent.

Miss Canada Lilac (*Syringa* 'Miss Canada')

Height: 6-9' Width: 5-8' Zone: 2-7 Pink Flowers

The brightest pink of all late flowering lilacs, this vigorous and nonsuckering lilac blooms prolifically in mid-June with single, rose flowers. The foliage is larger than that of other lilacs in this group. This outstanding lilac is extremely hardy.

Miss Kim Lilac (*Syringa patula* 'Miss Kim')

Height: 6-7' Width: 5-6' Zone: 3-7 Purple Flowers

This hardy lilac from Korea has purple buds that open to single, fragrant, pale lilac flowers when other lilacs have finished. Also known as *Syringa velutina*, it has leaves larger than *S. meyeri* and *S. microphylla* and beautiful burgundy-red fall color.

Monge Lilac (*Syringa vulgaris* 'Monge')

Height: 10-12' Width: 8-12' Zone: 3-7 Red-Purple Flowers

This outstanding French hybrid lilac has showy panicles of single, red-purple florets. The flowers are held on long stems that lend themselves to great cut flowers. Rarely to never fed on by Japanese beetles.

President Lincoln Lilac (*Syringa vulgaris* 'President Lincoln')

Height: 8-10' Width: 10' Zone: 3-7 Blue Flowers

Possibly the truest blue of any lilac, this French hybrid bears thyrses of single, medium blue flowers. It's a good grower that produces basal shoots readily. Rarely to never fed on by Japanese beetles.

Sensation Lilac (*Syringa vulgaris* 'Sensation')

Height: 8-10' Width: 8-12' Zone: 3-7 Purple with White Flowers

Single purple florets and a distinctive pure white border. An outstanding and unique lilac. Rarely to never fed on by Japanese beetles. We have seen occasional reversion to solid creamy white blossoms.

Tinkerbelle® Lilac (*Syringa* 'Bailbelle')

Height: 5-6' Width: 4-5' Zone: 3-7 Pink Flowers

Tinkerbelle® is a compact lilac that is the result of crosses made between *Syringa meyeri* 'Palibin' and *Syringa microphylla* 'Superba'. It exhibits a growth habit and bloom time similar to Dwarf Korean, but with a pleasing, spicy fragrance and incredible wine-red flower buds that open to pink.

Virtual Violet Lilac® (*Syringa* 'Bailbridget')

Height: 6-8' Width: 5-7' Zone: 3-7 Double Violet

First Editions. With shiny violet new leaves, deep purple stems, raspberry-purple buds and fragrant violet flowers, Virtual Violet is aptly named. Leaf petioles remain violet well into the summer. The habit is upright instead of rounded and compact. The dense habit makes it a great choice for a hedge in smaller spaces as well as a welcome addition to foundation plantings. Remarkably mildew free.
