# Selecting Plants – Sales Reps & Catalogs

# Our Plants

## -How We Start Plants:

- Cuttings

- Plugs

- Seed

- Bare Root

- Finished

# Cuttings

- Suppliers
  - Suppliers are located in Latin America and Africa
  - Majority Started in Late January into February
  - Mainly annual plants
- In-house
  - Stock Plants

# Plugs

- Suppliers are Regional to Wisconsin or In-state
- Majority Started in February through April/May
- 21 count trays up to 512 trays
- Use pre-filled pots and flats or fill using our soil machine
- Our cuttings become plugs that we use once rooted
